

4-H YOUTH OUTDOORS

A partnership between Cleveland Metroparks and Ohio State University Extension 4-H, Youth Outdoors offers urban youth ages 8 – 18 years the opportunity to participate in outdoor adventure recreation programs. While participating in activities such as hiking, biking, fishing, canoeing, kayaking, camping, rock climbing, horseback riding, nature exploration, community service and more, youth learn valuable life skills and gain an appreciation of the natural world. Children become involved in Youth Outdoors through the City of Cleveland recreation centers and other participating Cleveland-based organizations.
