### Ohio Center for Aquaculture Research and Development

Thank you for your interest in the Ohio Center for Aquaculture Research and Development (OCARD). We get many requests from people just like you who are looking for alternative ways to farm. There is a lot of information available to start your research of aquaculture. We can mail you a starter pack or if you have Internet access, you can check out our web page and through its links, get all the aquaculture information you would want for FREE! Just go to <http://southcenters.osu.edu> and click on programs, aquaculture. Here you will find some order forms for fact sheets and videos or sites for free downloadable aquaculture information. You may also call us at 1-800-297-2072 x.121 when you need more information. You can send us your name to be added to our mailing lists for announcements of future workshops or sign up for our aqua-Ohio list serve to receive electronic information on a regular basis. Your county Extension Educator should also have some information that can help get you started.
