

Marija Milivojević

BIBLIOGRAPHY

Master thesis

Marija Milivojević (2005): The Application of Vigour Tests in Quality Assessment of Maize (*Zea mays* L.) seed. Master thesis, Faculty of Agriculture Novi Sad, 7th November 2005.

Papers

M. Milivojević, D. Poštić (2005): Comparison of Tetrazolium, Excised Embryo and Standard Germination Test on Fruit and Forest Tree Seeds, Agricultural news, No 1-2, 31-40

S. Žilić, **M. Milivojević**, S. Šobajić, M. Maksimović, M. Radosavljević (2004): Effects of accelerated ageing on oxidative changes in soybean seed. XXXIV Annual ESNA Meeting (European Society for Application of New Methods in Agricultural Research), 29th August - 2nd September 2004., Novi Sad, Proceedings, 313-318.

M. Milivojević, J. Stojadinović, D. Ivanović (2003): Germination and Viability – Parameters of Seed Quality, Journal of Scientific Agricultural Research, Vol. 64, No 227-228, 5-12.

Abstracts

Slobodanka Sredojević, Vesna Dragičević, **Marija Milivojević**, Mirjana Srebrić, Petar Piper, Miroslav Vrvic (2006): The free energy status in wheat with different germination ability. Fourth scientific-research symposium on breeding and seed production. 16th – 20th May 2006, Zlatibor. Book of abstracts, p. 162.

Lana Đukanović, **Marija Milivojević**, Jasna Vujinović, Batrić Radenović (2006): Seed longevity of fodder galega (*Galega orientalis* LAM.). Fourth scientific-research symposium on breeding and seed production. 16th – 20th May 2006, Zlatibor. Book of abstracts, p. 192.

Dragica Ivanović, **Marija Milivojević**, Jasmina Stojadinović, Jasna Vujinović (2005): Cold test for assessment of vigour in maize (*Zea mays* L.) inbred lines. International Maize Conference: Accomplishments and Perspectives, 26th –28th October 2005, Belgrade. Book of Abstracts, p. 26.

Mirjana Milošević, **Marija Milivojević**, Dragica Ivanović, Milka Vujaković (2005): Towards the standardization in seed testing. International Maize Conference: Accomplishments and Perspectives, 26th –28th October 2005, Belgrade. Book of Abstracts, p. 25.

Ljubiša Prijić, Branka Kresović, **Marija Milivojević** (2005): Effects of conditioning flow line equipment on maize seed. International Maize Conference: Accomplishments and Perspectives, 26th –28th October 2005, Belgrade. Book of Abstracts, p. 76.

Marija Milivojević, Dragica Ivanović, Jasmina Stojadinović (2005): The application of cold test for quality assessment of maize. VI Meeting of Young Scientists Within the Field of Biotechnology, Rimski Šančevi, 10th-11th November 2005, Book of Summaries, p. 102-103.

S. Žilić, **M. Milivojević**, S. Šobajić, M. Maksimović, M. Radosavljević (2004): Oxidative changes in the soybean seed under effects of accelerated ageing. XXXIV Annual ESNA Meeting, (European Society for Application of New Methods in Agricultural Research), 29th August – 2nd September 2004, Novi Sad, Book of abstracts, 154.

M. Milivojević, J. Stojadinović, D. Ivanović (2003): Germination and Viability – Parameters of Seed Quality, V Meeting of Young Scientists Within the Field of Biotechnology, Zemun Polje, 27th-28th February 2003, Book of Summaries.

V. Dragičević, S. Sredojević, M. Ivanović, Č. Radenović, L. Đukanović, M. Vrvić, **M. Čule** (2001): The accelerated ageing of seeds: The distribution of mass in seedlings of dent and sugary maize. XIV Symposium JDFB, Goč, 18th –21st June, Book of abstracts, 104-105.

Poster

M. Milivojević, D. Poštić (2004): Potential and standard germination of seeds of fruit and forest species. III Congress of Serbian geneticists, 30th November – 4th December, Subotica, 2004, Book of abstracts, 144.
